₹1,500 per team · Preliminary Round: 3 October 2026

SECTION 2 — THE BIG PROMISE

Why ICPC Amritapuri?

More than a contest. It's a chance to see what your team can do.

ICPC brings together university students who love solving difficult problems, thinking under pressure and building things together.

At Amritapuri, your journey starts with the online preliminary round and can take you to an onsite regional contest — and, for the strongest teams, further toward the Asia West Championship and the ICPC World Finals, according to the official qualification structure.

~350 Onsite Opportunities

One of India's major ICPC multisite regional opportunities.

4 Locations

Kollam, Bengaluru, Coimbatore and Mysuru.

3 Contestants

One team. One computer. Five hours of problem-solving.

₹1,500

Preliminary-round registration fee for Indian teams.

SECTION 3 — THE CHOICE

Choosing your ICPC Regional?

Don't just choose a contest. Choose the experience.

Amritapuri brings the ICPC Regional experience to **four locations**, giving teams more options for where they experience the onsite contest.

But location is only one part of the decision.

Compete at Scale

Join one of India's major ICPC regional opportunities.

Prepare Before You Compete

Access preparation sessions designed to help teams approach the preliminary round with confidence.

Get Support Throughout the Journey

From registration questions to contest preparation, participants have access to dedicated support channels.

Aim Beyond the Regional

A strong regional performance can open the door to the next stages of the ICPC journey.

Experience ICPC

Meet strong programmers, compete under real contest conditions, work as a team and become part of the ICPC community.

SECTION 4 — FOUR LOCATIONS

One Regional. Four Locations.

Choose the location that works best for your team.

The contest experience and competitive standards remain the same. Your team gets to experience the ICPC Regional at one of the announced Amritapuri multisite locations.

KOLLAM

Amritapuri, Kerala

The home of the Amritapuri Regional.

BENGALURU

Amrita campus, Karnataka

Compete in India's technology hub.

COIMBATORE

Amrita campus, Tamil Nadu

A major education and technology destination.

MYSURU

Amrita campus, Karnataka

Another opportunity to experience the Amritapuri Regional onsite.

Four locations. One ICPC Regional experience.

[EXPLORE THE CENTRES]

SECTION 6 — WHY PARTICIPATE

What do you get from participating?

Build Problem-Solving Skills

Learn to approach unfamiliar problems, identify patterns and develop efficient solutions.

Sharpen Your Competitive Programming Skills

Practice algorithms, data structures, implementation and time management in a real contest environment.

Strengthen Your Technical Profile

ICPC is a globally recognized programming competition and gives you an opportunity to demonstrate problem-solving ability beyond classroom academics.

Prepare for Technical Interviews

The same foundations that matter in competitive programming — algorithms, data structures, logical thinking and efficient problem solving — are valuable in technical interviews.

Learn to Work as a Team

Three people. One computer. Limited time.

ICPC teaches teams to communicate, divide problems, make decisions and recover quickly when things don't go as planned.

Earn Recognition

Build your competitive programming record, earn participation recognition and compete against strong teams from across the country.

Take the Next Step

A regional contest can be the beginning of a much bigger ICPC journey.

SECTION 8 — HOW ICPC WORKS

From your first registration to the Regional

01 — FORM YOUR TEAM

Build an eligible team of three student contestants from your institution and identify your coach according to the official ICPC eligibility rules.

02 — REGISTER

Complete your ICPC registration for the Amritapuri preliminary round.

03 — COMPETE ONLINE

Participate in the ICPC India Preliminary Online Round.

04 — EARN YOUR ONSITE SPOT

Teams are evaluated according to the applicable ICPC selection process. Eligible top-performing teams receive onsite invitations.

05 — COMPETE AT THE REGIONAL

Experience the full ICPC Regional onsite with your team.

06 — AIM HIGHER

Strong performances can lead toward the next stages of the ICPC pathway, including the Asia West Championship and ultimately the World Finals, subject to official qualification rules.

SECTION 12 — IMPORTANT DATES

Your road to ICPC Amritapuri 2026

REGISTRATION OPENS

15 June 2026

REGISTRATION CLOSES

25 September 2026

PRELIMINARY ROUND

3 October 2026

REGIONAL ONSITE

ASIA WEST CHAMPIONSHIP

[INSERT OFFICIAL INFORMATION]

WORLD FINALS

[INSERT OFFICIAL INFORMATION]

Dates and qualification details are subject to official ICPC announcements.

SECTION 13 — THE BIGGER JOURNEY

Where can ICPC take you?

Your regional contest is not the end of the journey.

AMRITAPURI REGIONAL

ASIA WEST CHAMPIONSHIP

ICPC WORLD FINALS

At every stage, the field gets stronger.

The problems get harder.

The pressure gets higher.

And the opportunity gets bigger.

Could your team be the next one to make the journey?

[START YOUR ICPC JOURNEY]

SECTION 14 — SOCIAL PROOF

You're not joining a random coding contest.

You're joining a global programming community.

Every year, students from universities across India and around the world take on ICPC.

The Amritapuri Regional has hosted teams from some of India's leading institutions and has been part of the ICPC ecosystem for years.

13+ YEARS OF ICPC AT AMRITAPURI

Show real previous-year teams, finalists, winners and event photographs here.

REAL TEAMS. REAL CONTESTS. REAL ICPC JOURNEYS.

SECTION 16 — PARTICIPANT STORIES

They came to compete. They left with an ICPC story.

Use genuine participant testimonials here.

FEATURE STORY

"Our first ICPC experience started at Amritapuri."

The preparation, the contest, the pressure and the people made the experience unforgettable.

— Team Syntax Squad

NIT Calicut

SECOND STORY

Use a real team that qualified or progressed to a higher stage.

THIRD STORY

Use a first-time participant who can speak specifically about overcoming the fear of participating.

SECTION 18 — FAQ

Questions teams ask before registering

Can beginners participate?

Absolutely. ICPC is open to eligible university students, and you do not need to be an expert competitive programmer to participate.

How many students are there in a team?

An ICPC team consists of three contestants, subject to the official eligibility rules.

Does my team need a coach?

Follow the official ICPC team and coach requirements for your regional registration.

How much is registration?

The preliminary-round registration fee for Indian teams is **₹1,500 per team**.

Is the preliminary round online?

Yes. The ICPC India Preliminary Round is conducted online.

How are teams selected for the onsite round?

Selection is based on performance in the preliminary round and the applicable ICPC regional selection rules.

Where will the Amritapuri Regional be conducted?

The 2026 Amritapuri multisite regional is being conducted across four locations:

Kollam · Bengaluru · Coimbatore · Mysuru

Do I have to travel to Kerala?

Not necessarily. Amritapuri is a multisite regional with four announced locations.

Can I choose my onsite centre?

[INSERT CONFIRMED CENTRE-ALLOCATION POLICY]

What if I have never participated in ICPC before?

That's okay. Start with the Beginner Guide and preparation resources.

What happens after the regional?

Depending on performance and the applicable ICPC qualification rules, teams can progress toward subsequent stages of the ICPC pathway.

Where can I get registration help?

Contact the official ICPC Amritapuri support team at:

icpc@am.amrita.edu

SECTION 19 — FINAL CONVERSION

You don't need to know if you can win.

You just need to decide if you're ready to try.

Three students.

One team.

One computer.

Five hours.

Thousands of teams across India.

And one opportunity to discover what your team can do.

START YOUR ICPC JOURNEY.

CORE CAMPAIGN MESSAGES

These messages should be repeated consistently across the website, social media, WhatsApp campaigns, email campaigns and ambassador promotions.

PRIMARY

Your ICPC Journey Starts Here.

SECONDARY

One Regional. Four Locations. Hundreds of Onsite Opportunities.

BEGINNER MESSAGE

Think you're not ready for ICPC? Think again.

EXPERIENCE MESSAGE

One computer. Three minds. Five hours.

CAREER MESSAGE

Build the problem-solving skills that set great engineers apart.

OPPORTUNITY MESSAGE

Compete. Qualify. Go further.

CAMPAIGN MESSAGE

5,000 Teams. One ICPC Journey.

IMPORTANT COPYWRITING PRINCIPLE

Do not repeatedly tell students:

"ICPC is prestigious."

Show them **why they should care**.

Instead of:

ICPC is the world's most prestigious programming competition.

Say:

Three students. One computer. Five hours. Solve together under pressure.

Instead of:

Improve your problem-solving skills.

Say:

Learn to break down problems that don't have obvious answers.

Instead of:

Great for your resume.

Say:

Build a competition record that demonstrates how you think, not just what you have studied.

Instead of:

Beginners can participate.

Say:

You don't have to be an expert to start. Your first ICPC can be the beginning of your competitive-programming journey.

Instead of:

We have four cities.

Say:

One Regional. Four Locations. Choose the place that works for your team.

The website should make the student **feel the opportunity**, not simply read about it.
